ABOUT US

Our company Kasias was born out of a shared passion for nature, friendship and the timeless allure of gemstones. Founded in 2024 by Kasia, Edward and Rohit. Our company represents a dream brought to life—a celebration of harmony between beauty and healing.

With a deep appreciation for the natural world and years of fascination with crystals, we transformed our love into a business that designs and crafts exquisite jewelry. Handmade in Germany, every piece of jewelry we create reflects the highest quality, marrying artistry with purpose. At Kasias, we blend the captivating beauty of gemstones with their soothing, restorative effects on the human body. Our collection consists of over 60 unique designs of bracelets and necklaces for both men & women. Each thoughtfully paired with eco-friendly packaging and accompanied by a description of the gemstones healing properties.

From familiar treasures like rose quartz, amethyst and ruby, to rarer gems like pink opal, aqua aura, and spinel. Every stone is carefully selected for its exceptional beauty and therapeutic benefits. Kasias is more than jewelry—it's an invitation to embrace nature's beauty and its powerful ability to nurture the human soul.

ENJOY THE BEAUTY OF NATURE

SPINELL COLLECTION SARA

Spinel is considered the aristocrat of gemstones and is prized for its spiritual and material benefits. It is said to strengthen self-confidence, promote personal development and attract abundance.

Hematine is polished electrolytic gold-plated hematite. This gives the golden color. Hematite is a strong grounding, purifying and protective stone. It can absorb negative energy and (electromagnetic) radiation and allow it to flow to the earth.

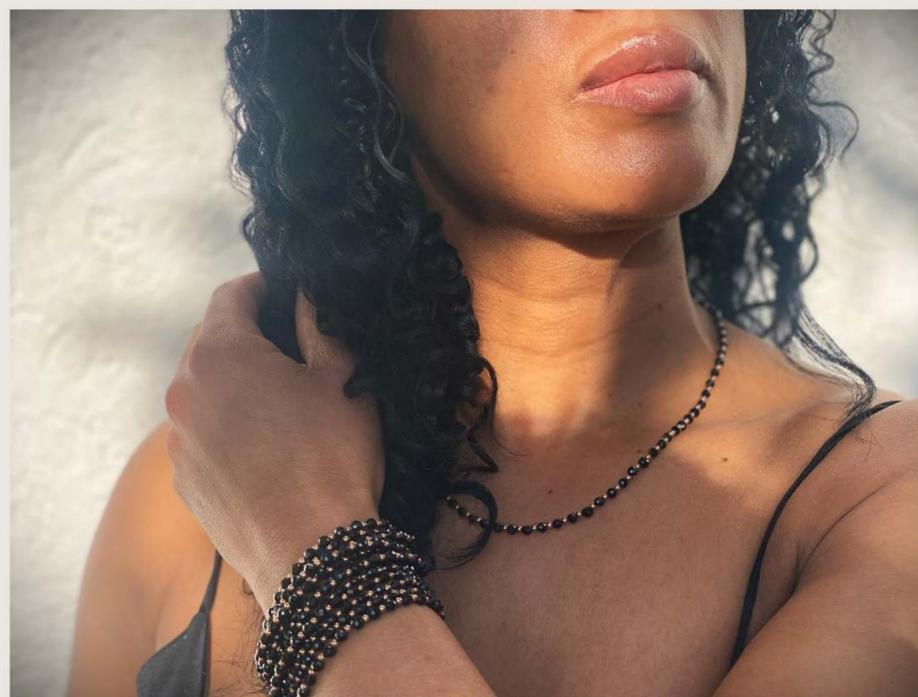

Necklace with pearl

3 mm spinell facet cut beads with real pearl, adjustable length from 40 to 45 cm with 5 cm silver extension

2 mm spinell facet beads without pearl, adjustable length from 40 to 45 cm with 5 cm extension.

Single necklace with pearl: 32,50 €
Set with & without pearl: 47,50 €

Hematine is polished electrolytic gold-plated hematite. This gives the golden color. Hematite is a strong grounding, purifying and protective stone. It can absorb negative energy and (electromagnetic) radiation and allow it to flow to the earth.
